

Kelsey Herberg, Joanna Gall join the Lighthouse Commodities team

Bismarck, ND (October 22nd, 2021)

Lighthouse Commodities has expanded its team with two recent hires. Kelsey Herberg joined in the newly created Administrative Coordinator role and Joanna Gall as a Farm Merchandiser. Kelsey will lead activities related to client experience and data management while Joanna will be involved with farmer marketing and cash grain trading. Both Kelsey and Joanna have production ag backgrounds and Joanna has nearly 15 years of commodity trading success, having previously worked for Cargill, Poet and Bunge. Lighthouse President Dave Spickler described the hires as a win for both Lighthouse and its clients, noting “our success is a direct result of having the right people working alongside us, and we’re thrilled to add two people whose experience, attitude and commitment fit perfectly at Lighthouse.”

About Lighthouse Commodities

Lighthouse Commodities was founded in 2015 and provides professional merchandising services for farmers throughout the region, equipping them with the same resources, tools, insights and access the rest of the grain supply chain experiences. The Lighthouse offering includes in-house logistics, futures brokerage, cash trading and data analytics divisions. Lighthouse currently markets over 600,000 acres of grain annually with 100% client retention since its founding.
